Skills

- A self motivated & self-starting individual with a positive attitude and strong work ethic
- Able to work in a fast paced, dynamic, and multicultural environment
- Excellent written & verbal communication skills in English and Mandarin
- Superior in time management and project management
- Strong team player

Company Overview

Huawei is one of the world's largest manufacturers of telecommunications equipment. Founded in 1987, over the past 28 years, Huawei has grown to over 170,000 employees with operations in over 170 countries. Through a commitment to customer-centric innovation, and continued investment in research & development, Huawei has become a market leader in carrier networks, enterprise and consumer devices. In the past year, Huawei has been recognized by *Interbrand* as one of the world's top 100 brands – the first Chinese-based company to achieve this distinction.

In 2015, Huawei expects to post a 35% jump in sales revenue of US \$60 billion, as a result a strong performance across all business platforms. Huawei's annual report is released every April and is available at www.huawei.com/en/about-huawei/corporate-info/annual-report/2014/. It is important to note that Huawei is privately held, and not a state-owned enterprise. Huawei is 100% owned by Huawei employees, through a share-ownership program. Over 86,000 Huawei employees own shares in the company.

As a responsible corporate citizen, Huawei is committed to openness and transparency in all aspects of its business in order to provide stakeholders with a better understanding of the company. Huawei's Corporate Sustainability Report is available at:
